

Music

During Term 4, the Year 1 and 2 students will be continuing to listen to and experiment with a range of music styles and instruments. As they develop skills in imagining, creating and performing music, students will build their confidence to share their own music with peers. The focus within this is small group performance, centred around the idea of building a simple band

This term Year 1 and 2 students will be focussing on finalising their class performance for the CSPA musical - Aladdin. They will continue to learn to sing in parts and follow simple choreography, along with a particular focus on stage craft.

They will continue to build on their ability to differentiate between various qualities of rhythm, pitch, dynamics and expression, as they listen to and make music both individually, in small groups and as a class.

Students will continue to develop their understanding of the varying features of music from different cultures, times and locations and how music can be used for different purposes. They will discuss their preferences for particular music.
