

Visual Arts

During the first term, the students in Years 3 and 4 will focus on Drawing skills. They will revise the basic elements of LINE, SHAPE, COLOUR, TEXTURE AND SPACE which are used to create a drawing.

They will study the Principles of Art which are how the elements are arranged to create a good composition in an artwork.

They will build on their skills by exploring the use of different materials and tools.

They will create pictures using their imagination and through careful observation.

They will study how artists use different materials and techniques to create different effects and use this knowledge to make informed choices when creating their own art works.

Following instructions, correct use and care of tools and materials and working respectfully and productively will be an important focus of all lessons.

The art lessons are designed to assist students to develop their ability to use materials and tools efficiently and effectively when creating their own art works.
