

# Visual Arts

*During the first term, the students in Prep will focus on Drawing skills. They will study the basic elements of LINE, SHAPE and COLOUR. They will focus on how these elements are used when drawing a picture. They will explore a number of different materials and tools to create art works.*

*To inspire their drawings, they will observe and discuss the art work of professional artists.*

*Art works will be created to express ideas, record observations or respond imaginatively to stimuli.*

*Following instructions, correct use and care of tools and materials and working respectfully and productively will be an important focus of all lessons.*

*The art lessons are designed to assist students to develop independence when using a variety of different materials and tools so that they can follow directed instructions as well as express their own ideas when creating art works.*
