

# Term 1

## Year 5 / 6 Writing

In term 1 students will be developing their skills to write to entertain as well as being given time to express themselves through their Writers Notebook.

Our learning is underpinned by the Victorian Curriculum areas of:

- Language: Text structure and organisation, Expressing and developing ideas;
- Literature: Create literary texts that experiment with structures, ideas and stylistic features
- Literacy: Plan, draft and publish imaginative texts, choosing text structures, language features, images and sound appropriate to purpose and audience

During Writing sessions, students will use their Writer's Notebook to collect their thoughts and interpretations of prompts, artefacts and writing stimulus to develop texts of their own. Students will be exposed to exemplar texts and have the opportunity to develop their skills in several writing styles with the purpose of entertainment. They will then work through the writing process to plan, draft, revise and edit then publish an explanation text which will act as an assessment piece.
