

Independent Inquiry

For term 2, the Year 1/2 students will be investigating an Independent Inquiry called:

'The World Around Us -

Our Lifestyle is Influenced by Other Cultures'

Our Inquiry is underpinned by the Victorian Curriculum areas of:

- *History*
 - *Historical concepts and skills.*
 - *Historical knowledge*
- *Intercultural Capabilities*
 - *Cultural Practices*
 - *Cultural Diversity*

Throughout the Inquiry, students will be provided with opportunities to compare and contrast food, sport, celebrations and traditions from around the world. There will be an emphasis on exploring students' own culture and the culture of our local community. This will support the development and extension the students' understanding of how diversity presents opportunities for new experiences and understandings.

For their personal Inquiry, students will select an area of interest and share their learning using digital technologies and multimedia.
