

Music

During Term 2, the Year 1 and 2 students will be continuing to listen to and experiment with a range of sounds. As they develop skills in imagining, creating and performing music, students will build their confidence to share their own music with peers. This term Year 1 and 2 students will be focussing on learning their class performance for the CSPS musical - Aladdin. They will learn to sing in parts and follow simple choreography.

Students select and make choices about their use of the elements of music as they improvise and compose. They will create 'Soundscapes' for a favourite book by considering the different sounds that would accentuate their story, using instruments, their voices and objects in the room. They will continue to build on their ability to differentiate between various qualities of rhythm, pitch, dynamics and expression, as they listen to and make music.

Students will continue to develop their understanding of the varying features of music from different cultures, times and locations and how music can be used for different purposes. They will discuss their preferences for particular music.
