

SHINE

The social and emotional wellbeing of our students is a top priority at CSPS. As Term 2 brings some new challenges with remote and flexible learning, navigating new environments and adapting to change, the social and emotional welfare of our students continues to be at the forefront of all that we do.

During Term 2, the Years 3 and 4 students will focus on how to positively cope with challenging situations and stress. Students will explore what challenges them or makes them feel stressed, and a variety of strategies that they can use to overcome these obstacles in a positive manner.

Towards the end of the term, the students will explore cyber safety and the importance of being vigilant online. As well as, celebrating their knowledge of a 'healthy mind' through a SHINE day.
