

## *Integrated Inquiry*

*Term 4 Prep students will explore a unit of work that has a focus on exploring different celebrations from around the world. The unit, “We celebrate a range of important things in different ways”, sets the standard for developing new skills and understandings built around the Victorian Curriculum;*

- *Intercultural Capability; Cultural Practices*
- *Personal Capability; Collaboration*
- *Social Capability; Collaboration*

*There will be an emphasis on developing students understanding that people around the world celebrate different things for a number of reasons. Students will also investigate why celebrations are held and how diverse the celebrations are around the globe.*

*Students will engage in a range of activities that will form an understanding of the range of celebrations that are celebrated in Australia. Students will also be introduced to Aboriginal perspectives through understanding NAIDOC Week and why we have this and reading dream time stories to assist students in their learning.*

*This unit of Inquiry ensures every student is well prepared and supported to help assist the understanding of the diverse celebrations held within Australia and around the world.*
